Although they place some restrictions on the residents' and guests' activities, they are intended to respect the rights of the community as a whole. Enforcement of the Rules and Regulations will primarily be placed in the hands of a carefully selected staff. The Board may impose additional restrictions and adopt additional procedures from time to time and it is the duty of those using the facilities to know these Rules and Regulations and to cooperate in the enforcement thereof.

All residents are required to read, understand and abide by all of the Rules and Regulations contained in this Guide, as well as those in the Declaration of Covenants, Conditions & Restrictions, Bylaws and Architectural Review Procedure Manual.
